

CC2-H

CONTINUOUS CUTTING MACHINE

Machine specially designed to apply a **longitudinal cut (centered or not decentered)** along a product. The machine is loaded manually and the cut is made by bandsaw in a completely safely process.

■ TECHNICAL FEATURES

- ▶ Machine dim. (L x W x H) 2297 x 916 x 1876 ± 15 mm
- ▶ Height with cover open (H) 2690 ± 15 mm
- ▶ Discharge height 1127 ± 15 mm
- ▶ Band saw motor speed 1500 rpm

■ CONNECTIONS

Electricity

- ▶ Power 3.1 kW
- ▶ Voltage 400V (3~) 50/60 Hz
- ▶ Machine consumption 7 A

Water

- ▶ Consumption 60l/hora (máximo)

- A** Product loading
- B** Product output
- C** Sawdust discharge in a 600 x 400 x 200 mm E-2 crate
